One death has occurred, Miss Delia Barry, in Mosby street.

The fever seems to be gradually spreading in the northern portion of the city and Chelsea which up to yesterday had been exempt.

Michael Athey, brother to Chief-of-Police P. R. Athey, was taken sick last night. It is thought he also has the fever.

Citizens continue to leave the city in large numbers.

The authorities are still looking about for a site to establish a camp.

## POLITICAL.

Wisconsin State Republican Convention at Madison.

Pennsylvania Republicans in Session at Harris- burgh.

### WISCONSIN REPUBLICANS.

Madison, Wisconsin, July 23.—The state republican convention was called to order by Horace Rublee, chairman of the state convention, promptly at 10 o'clock. Rublee spoke at length, and in conclusion announced his wish to return to the state convention.

David Atwood was elected temporary chairman. Filetus Knight, of Pepin, and A. E. Thompson, of Green- lake, were elected secretaries.

A committee on credentials was appointed, Jonathan Bowman, of Colum- bia, chairman, and a recess taken till 11 o'clock.

Upon reassembling the chair an- nounced the committees.

Madison, July 23.—While the con- vention was waiting for reports of committees Congressman Pound, Wil- liams, Enkayes and others were called out and made felicitous speeches.

At 12:30 the committee on creden- tials reported full delegations present entitled to 200 votes.

The committee on permanent orga- nization reported: President, J. B. Can- ady, of Rock, and vice presidents from congressional districts; secretaries, M. H. McCord, of Lincoln, and A. S. Horn, of Iowa.

Cassidy took the chair and spoke briefly.

At 1 o'clock the convention ordered a ballot for governor. The names of Smith and Ludington were presented. The vote resulted: Total, 261. Smith, 170; Ludington, 85; scattering, 6.

Smith's nomination was declared unanimous by acclamation.

The other state officers were renom- inated by acclamation, as follows: governor, James M. Bingham; secre- tary of state, Hans B. Warner; treas- urer, Richard Guenther; attorney general, Alex. Wilson; superintendent public instructions, Wm. C. Whitford.

**PENNSYLVANIA REPUBLICANS.**  
Harrisburgh, July 23.—The repub- lican state convention met this morn- ing, and was called to order by Quay, chairman of the state committee.

Louis W. Hall was chosen tempo- rary chairman. He addressed the convention.

A resolution was adopted ordering the reference of all resolutions with- out debate to the committee on plat- form.

Wolfe then asked to have read a resolution declaring that, in view of the developments of corrupt practices in connection with the riot bill in the last house, they emphatically reaffirm that part of the republican platform of 1875 and 1876, which de- mands honest men in office; men with brains enough to know dishonesty when they see it and courage enough to fight it whenever they find it.

Chairman declared Wolfe out of order and refused to entertain his appeal.

Wolfe insisted that he had a right to demand the reading of the resolu- tion. Others took the same view, and there was considerable commotion, but the resolution was received.

Another resolution was offered and ruled out, and disorder was prevented by Quay moving that a committee on resolutions be made.

**LATER.**  
Samuel Butler, of Chester, was nominated for state treasurer.

## CABLEGRAMS.

Lord Chelmsford Defeats the Zu- lus, Inflicting Immense Losses.

GREAT BRITAIN.  
A ZULU DEFEAT.

London, July 23.—It is said the government has information that Lord Chelmsford defeated the Zulus, inflict- ing immense loss.

**LATER.**  
In the house of commons to-day the government announced the receipt of a telegram dated Capetown, July 23, stating that Lord Chelmsford remained in camp till the afternoon of July 31, awaiting the surrender of cannon and 1000 rifles, captured by the Zulus at Isandul. They not arriving, he ad- vanced, and was attacked in the open country by 15,000 Zulus who fled under a heavy fire of the British.

Lord Chelmsford then advanced and destroyed Ulundi. The Zulus lost 10 killed and 53 wounded. The battle was fought July 4th. The Zu- lus, variously estimated at from 10,000 to 20,000, surrounded the British troops who formed a hollow square.

The Zulus charged the square on all four sides. After the Zulus were broken by the British fire they were pursued by the cavalry and utterly routed. Lord Chelmsford burned and destroyed all military kraals and re- turned to his camp the same evening.

Walker, daughter of Major Walker, paymaster in the United States army and a niece of Senator Blaine. The ceremony was performed at the Episcopal residence of Rt. Rev. Bishop Tuigg, Rev. D. Kearney officiating.

**Marine.**  
New York, July 23.—Arrived: Steamship Labrador, from Havre.

**A BIG HAUL.**  
A Safe Blown Open and Two Hundred Watches Stolen.

**Arrest of Two Men on Sus- picion—Their Subse- quent Release.**

Applegates' jewelry store at Ant- werp was entered and robbed last night. Chief Smith this morning re- ceived a telegram stating that the store had been robbed of about two hundred watches and a large amount of other jewelry, and telling him to keep a close watch on all trains for parties coming from that direction.

The robbery was perpetrated by blowing open the safe. This morning Detective Brooks, of the Wa- bash road, and Officers McCann and Quillman arrested two parties giv- ing their names as Joseph Rice and John Ripple. They were taken to the calaboose and searched. An ex- press receipt was found on their per- son for a satchel shipped from Ant- werp, but it showed that the package was shipped on the 20th inst. They were held for a while, but there being nothing particularly suspicious about them, they were released at noon. Marshal Diehl and Lieutenant Wilkinson went to Antwerp this afternoon for further particulars. They will probably return this evening.

**ANOTHER VICTIM.**  
Andrew Lingal Drowned in the Canal This Afternoon.

About 3 o'clock this afternoon, An- drew Lingal, aged nineteen, who lives three miles and a half southwest of the city, on the Yellow River road, was drowned immediately west of the Empire saw mill, while in bathing with a friend. The body was recovered, and Coroner Gaffney is now holding an inquest.

Social circles have long been in a state of agitation over the prospective union of two hearts possessed respec- tively by Miss Anna Howley and Barney A. Johnson. The affair cul- minated last evening in the presence of a large number of friends, composed principally the *début* of the city. After the ceremony had been performed the wedding guests adjourned to the spa- cious dancing hall and the votaries of Terpsichore shook their feet to the im- posing strains of a superb orchestra.

The magnificent residence was ablaze with splendor and the inner portion of the mansion was tastefully deco- rated with ferns and evergreens which hung in profusion. Want of space deters us from mentioning the pres- ents, but they were numerous and costly. The happy couple left at 12:25 for an extended wedding tour through the New England states after receiv- ing the congratulations of their many friends. May roses strew their path- way through life, may their bark glide smoothly down the stream of time unharmed by the tempests and storms of this mortal existence; may angels with their loving influences guide them to that harbor of safe- ty where joy and gladness reign su- preme and where care and sorrow may not enter in, the ardent wish of THE SENTINEL.

## THE "SENTINEL"

Has the Largest Bona Fide  
Circulation of Any Daily Paper  
in the State, outside of Indian-  
apolis. Advertisers and Others  
are Invited to Call at this Office  
and Verify this Assertion.

JOHN SHEERMAN has gone to Maine  
to make republican speeches. Mr.  
BLAINE will doubtless be overjoyed  
to have Honest JOHN'S assistance.

News from Ohio is of the most  
cheering nature. The democrats are  
united, harmonious and hopeful; the  
republicans divided and despondent.  
All the indications favor Gen. EWING'S  
election by a handsome majority.

THE Hon. JOS. K. EDGERTON is  
certainly a most estimable gentleman,  
but he is never happy unless he has a  
grievance, the extent of his happiness  
being in proportion to the size of his  
grievance. He is very happy now.

We direct attention to a sensible  
communication from FOSTER BROTHERS,  
on the water works question,  
which is published elsewhere. These  
gentlemen take the position which  
should be held by every public-spirited  
man in the city.

In this morning's *Gazette* the Hon.  
JOS. K. EDGERTON uses considerable  
space to ventilate his grievances  
against the Fort Wayne *SENTINEL*.  
Perhaps the better way to have given  
the public the real merits of the ques-  
tion would have been the publication  
in full of the correspondence between  
the distinguished gentleman and the  
editor of the *SENTINEL*.

THE New York *Star* brings out a  
new presidential candidate almost  
every day. Among the gentlemen upon  
whom the *Star* shines in this connec-  
tion are SAMUEL J. TILDEN, HORATIO  
SEYMOUR, JAMES H. HARRIS, Governor  
McCLELLAN, Gen. HANCOCK, Speaker  
RANDALL, Supreme Justice FIELD,  
Gen. FAIRMOR and Judge DAVID  
DAVIS. The *Star*, however, obstinately  
refuses to shine for HENDRICKS, BAY-  
ARD or THURMAN.

It will strike the average citizen that  
the Messrs. HAMILTON have the per-  
fect right to sell land belonging to  
them or not, as they may see fit, and  
that they also have the undoubted  
right to place their own value upon  
their property. The course of certain  
editors in attempting to dictate to  
these gentlemen the manner in which  
they shall transact their private busi-  
ness is entirely outside the bounds of  
decent and legitimate journalism, and  
cannot be too severely condemned.

The board of health asked authori-  
tatively, last evening, to purchase 1,600  
postal cards to be used in gathering  
information from the physicians of  
the city as to the various diseases pre-  
valent here. Common sense would dic-  
tate a prompt compliance with such a  
reasonable request, but a leading coun-  
cilman actually objected, and the mat-  
ter was referred to a committee. The  
council doesn't seem to think it any-  
body's business what diseases are pre-  
valing in this city, or that it makes  
any difference.

The *Gazette* of this morning prints  
the following communication:

NOT EXAMINING.  
To the Editor of the *Gazette*:  
We have the very best authority for  
asserting that the statement made by an  
evening paper of this city that the vestry  
of the Trinity church unanimously re-  
quested the Rev. Mr. Tate to resign is not  
true.

We desire in a friendly manner to  
direct the attention of the Hon.  
JOSEPH K. EDGERTON to the above  
anonymous communication. Mr. ED-  
GERTON is a member of the vestry of  
Trinity church, and it wouldn't re-  
quire more than the amount of inge-  
nuity usually displayed in such matters  
by the eminent gentleman to discover  
in a personal reflection upon himself.  
He should at once address a letter  
to the editor of the *Gazette* demanding  
the name of the man who had the  
moral turpitude to affix a bloody as-  
terisk to such a "causeless and un-  
provoked libel" and such a "scanda-  
lous, malicious and defamatory" ar-  
ticle. If the editor of the *Gazette* po-  
sitively and courteously refuses to name  
the writer, Mr. EDGERTON should at  
once assume that the editor wrote the  
communication himself and demand  
of him "upon what or whose informa-  
tion" for the kind of controversy in  
which he takes such a melancholy  
pleasure, and he can write a long and  
tedious letter, assuring the public

that the *Gazette* has nothing to do  
with Trinity church, ventilating  
freely his own personal grievances  
and discoursing at great length upon  
the ethics of journalism. This is an-  
other grand opportunity for Mr. ED-  
GERTON, and if he does not improve  
it it will be the first time that he ever  
neglected a chance to inflict upon the  
public a recital of his fancied wrongs,  
coupled with a chapter of moral in-  
structions. We throw out this sugges-  
tion in the most kindly spirit, and  
have no doubt it will be received with  
meekness and thankfulness. In fact,  
Mr. EDGERTON will doubtless have  
risen to the demands of the occasion  
ere the *SENTINEL*'s friendly sugges-  
tion is received by him.

## THOSE HORRID DOCTORS.

Dr. H. V. Swearingen Has a Few Re-

marks to Make.

To the Editor of the *Sentinel*:

I had endeavored to prevent the  
controversy now pending between Dr.  
Stemen and myself at from appear-  
ing in the public journals.

Your reporter called at my office on  
Saturday last for an interview in re-  
lation thereto, but was obliged to go  
away without its accomplishment. The  
second attempt was made by yourself,  
which proved but a partial success, as  
your article in Monday's paper clearly  
shows.

I thus preface my remarks for the  
purpose of showing the reluctance  
with which I drag this matter into the  
public prints, and that it is by no  
means gratuitous, pleasant or agree-  
able. I would not further inflict  
your readers with this article, were it  
not for the appearance of several  
Unruh Heap statements from Dr. Ste-  
men who, in *quasi* humility, is affect-  
ing the role of the persecuted and an-  
gling for public sympathy.

That they are always quarreling, is  
a proverbial reflection upon the medi-  
cal fraternity. While this is a fact so  
far as my observation extends, I see  
no valid reason why advantage should  
be taken of so general a proposition in  
any given case.

In the matter now under considera-  
tion, the points at issue may be briefly  
stated as follows: To Doctors Dills,  
Teal, Beck, Wood, Myers, VanBuskirk  
and myself, Rev. Dr. Stemen made  
certain statements derogatory to the  
character of Dr. Gohbrecht, which he  
(Stemen) now denies having made.  
These statements were unkind, un-  
friendly, unprofessional, unamiable,  
uncharitable, unchristian, ungentle-  
manly, uncalled for and deceitful.

With a faith, however, which is  
truly admirable and worthy of all  
evaluation, which would indeed do  
honor to the famous, noble Pytha-  
goras of Syracuse, Professor Goh-  
brecht still relies upon the denial of  
his betrayer, the Rev. Dr. Stemen.

In his statement to your reporter  
yesterday, Stemen says: "Better  
friends than Dr. Gohbrecht and I never  
lived." I have only to say that the  
"better" is all on the side of Dr. Go-  
brecht; he is the only representative  
of the *Damon and Pythias* friendship  
in the compact; he is the apple of the  
twin which floated down the river.

You will observe then, Mr. Editor,  
that Drs. Dills, Teal, Beck, Wood,  
Myers, myself and others, are in the  
attitude of liars and we are asking  
that the falsehood and deceit be sent  
where it belongs, even though it stops  
with Rev. Dr. Stemen. Respectfully,  
H. V. SWARINGEN.

## WATER WORKS.

The Right Sort of Talk From Some

Heavy Tax Payers.

To the Editor of the *Sentinel*:

The property of our firm in Fort  
Wayne, is appraised for taxation at  
about \$60,000. It is all located in  
the block where is kept the entire fire  
apparatus of the city. It has the pro-  
tection of two fire cisterns, and the  
canal is near at hand. For fear that  
possibly the proposition to erect water  
works might not carry at the ap-  
proaching election, we have provided,  
in the erection of our new building,  
for the construction of a large tank  
in the upper story, from which to  
supply our block with water. So far,  
therefore, as we are personally  
concerned, we need water  
works comparatively little. But we  
are not blind to the fact that our  
interests are bound up with those  
of Fort Wayne.

As business men and prop-  
erty holders we cannot afford to run  
the risk of seeing such establishments  
as that of Olds & Sons burn down and  
then go elsewhere to rebuild, where  
adequate fire protection can be had.  
We realize the fact that were the Pitts-  
burgh or Walash shops destroyed by  
fire, there would be but very little  
probability of their ever being rebuilt  
in Fort Wayne. The work of one  
windy night might easily convert our  
city, now full of business activity, into  
a third-rate inland town, with more  
grass than business in our streets.

Therefore, we are not only willing but  
anxious to take upon ourselves the  
slight increase of taxation for a few  
years which will result from the con-  
struction of a thorough system of  
water works. The sooner they are  
erected the sooner they will be self-  
supporting. Every vote in our estab-  
lishment will be freely cast in favor  
of this greatly needed improvement.

means to relieve the Baby of Colic

## A FOOL ONCE MORE.

Forten years my wife was confined to  
her bed with such a complication of ail-  
ments that no doctor could tell what was  
the matter or cure her. I used up a  
small fortune in hiring the best doctors  
I saw a U. S. flag with Hop Bitters on  
it and I thought I would try it.  
I tried it, but my wife proved to be  
wiser. Two bottles cured her, she is now  
as well and strong as any man's wife, and  
cost me only two dollars. Such folly  
costs—H. W. Detroit, Mich.

## We Challenge the World.

When we say we believe, we have  
evidence to prove that Shiloh's Con-  
sumption Cure is decidedly the best  
Lung Medicine made, in as much as  
it will cure a common or chronic cough  
in one half the time and relieve Asthma,  
Croup, and show more cases of Con-  
sumption cured than all others. It  
will cure where they fail; it is pleasant  
to take, harmless to the youngest  
child, and we guarantee what we say.  
Price, 10 cents, 50 cents and \$1. If  
your Lungs are sore, Chest or Back  
ache, use Shiloh's Porous Plaster. Sold  
by Dreier & Bro.

## WE BELIEVE

That if everyone would use Hop Bitters  
freely there would be much less  
sickness and misery in the world; and  
people are fast finding this out, whole  
families keeping well at a trifling cost  
by its use. We advise all to try it.—

## Lost Scattered in a Crowd.

In the last drawing of the Louisi-  
ana State Lottery the grand capital  
prize of one hundred thousand dollars  
was divided into ten parts, and became  
the property of as many young, enter-  
prising merchants, salesmen, clerks  
and commercial travellers doing busi-  
ness about Leonard street, and Broad-  
way, New York, who, for a dollar  
apiece, became each worth \$10,000.  
Much complaint is made by each  
lucky man that he lacked foresight  
enough to buy the whole ticket and  
get a hundred thousand.  
The next (the 11th) drawing occurs August  
19th, at New Orleans, La., where any  
information can be had by writing to  
M. A. Dauphin, P. O. Box 892, New  
Orleans, La., or same at 819 Broad-  
way, New York city.

## HUMOR ON A CHILD

Since Birth Cured, After Faithful  
Treatment, of a Dangerous Skin  
Disease. Messrs. WEEKS & FORTUNE, Gen-  
eral Agents, Boston, Mass., write:  
"My little son, two years of age, has had a  
humor on one side of his face since he was  
born, which during the last four months  
has spread over the entire side of the face,  
the chin, ear, and side of the head. It must  
have been and is a most dangerous skin  
disease, and has caused much suffering  
and anxiety. I used many remedies  
without success until I found CUTICURA,  
which I used several times, and the humor  
disappeared, and the skin is now healthy  
and clear. Respectfully, JOHN L. SURRAY,  
Boston, Mass."

NOTE.—Once cured, the skin may be  
restored to its natural color by using the  
Cuticura Soap exclusively for toilet or nursery pur-  
poses.

## CHILDREN AND INFANTS.

More Cures of Skin and Scalp Affec-  
tions by the Cuticura Remedies.  
Fred Mohr, ex-Cashier Chicago Grocers'  
Exchange, Chicago, writes:  
"I am well pleased with the result of  
my baby, that I cannot afford to be with-  
out it in my house. It is a wonderful cure  
for all the skin diseases very popular as  
soon as its virtues are known to the  
masses."

J. S. Weeks, ex-Town Treasurer, St. Al-  
ban, Vt., writes:  
"My little daughter, three years of age,  
was afflicted with a humor on her face,  
head, and neck, which was very painful  
and caused much suffering. I used CUTICURA  
and the humor disappeared, and the skin  
is now healthy and clear. I have  
recommended it to several, and Dr. Plant  
has ordered it for them."

M. M. Chick, ex-4th Franklin Street, Bos-  
ton, writes:  
"My little daughter, eighteen  
months of age, was afflicted with a humor  
on her face, head, and neck, which was  
very painful and caused much suffering.  
I used CUTICURA and the humor disap-  
peared, and the skin is now healthy and  
clear. I have recommended it to several,  
and Dr. Plant has ordered it for them."

Messrs. WEEKS & FORTUNE, Gen-  
eral Agents, Boston, Mass., write:  
"Enclosed please find one dollar for a large  
box of CUTICURA. The small one I  
received some time ago has been very use-  
ful, especially in Prickly Heat or Rash,  
as some people call it. I am looking for  
about Yours truly, THOMAS W. BOCKLEY."

digestion, sweet breath, sound sleep,  
and a clear complexion, read the  
"WILL YOU READ THIS FOR \$200."  
We do not tell you that this is a cure for  
all ills, but so positive are we of its merits  
that we offer it for \$200 to any man  
suffering with a disease of the Blood, Liver,

remedy will not cure.

If you have Liver Disease, indicated by

# THE GENUINE DR. C. McLANE'S LIVER PILLS

FOR THE CURE OF  
Hepatitis, or Liver Complaint,  
DYSPEPSIA AND SICK HEADACHE.

## Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are constive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

## AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

## BEWARE OF IMITATIONS.

The genuine are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. C. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. OF PITTSBURGH, Pa., the market being full of imitations of the name McLANE, spelled differently but same pronunciation.

The board of health reported as follows:

To His Honor the Mayor and Gentlemen of the Council:

At a regular meeting of the board of health, held July 22, 1879, the following was respectfully referred:

That the yellow fever is reported as epidemic at Memphis, and a large number of cases similar in nature are reported at various points, both on the Atlantic Coast and on the Mississippi River, we urge upon the council, the necessity which is apparent on all sides for a thorough cleaning and grading of alleys, of cleaning and disinfecting the houses, and of taking to the sewers in this city; that the night patrol be instructed to inspect persons engaged in the removal of night soil in open barrels, or when, through carelessness or criminal neglect, such persons allow it to escape on the street and pollute the atmosphere therefrom.

That to avoid this and kindred nuisances, the city should employ night soil men, who should be paid for night soil in this imperfect and crude manner, we respectfully ask that it be discontinued, and that the odorous evacuating apparatus be substituted therefor.

The secretary is in receipt of a communication from the national board of health, which was established by an act of June 20, 1879, ordering him to make weekly returns to the secretary of the national board of the number of cases and mortality from acute, infectious or zymotic diseases, the report to be made out by Saturday noon and to be forwarded at once to Washington.

The form prescribed is herewith enclosed.

In order to comply therewith, I respectfully solicit from your honorable body an order for the purchase of 1,500 postal cards, on which may be printed the form necessary and to be distributed to all the practicing physicians within the city. As it is a matter of importance I solicit an early action on the part of the council.

All of which is respectfully submitted.

THOS. J. DILL, Secy.

The portion in relation to streets was referred to the board with instructions to file affidavits against those maintaining nuisances. The portion on night soil removals was referred to committee on rules.

The matter of postal cards was referred to the committee on finance to report at next meeting.

The special committee on fire engine reported correspondence with Sillibey company, in which they claim the rating of the Charlie Zollinger engine as second class was an error. The committee asked for further time.

The special committee on workhouse asked for further time.

The special committee on bonds asked for further time.

## CITY OFFICERS' REPORTS.

The city civil engineer reported plans for jetties in St. Mary's river, at foot of Mechanic street, to be ready for inspection, and furnished an estimate of the probable entire cost of said work to be \$637.05. Received and filed.

The clerk made the following report: To His Honor the Mayor and Gentlemen of the City Council:

Charges having been made in the public press against your finance committee in connection with the collection of my office, I desire to say to your honorable body that neither that committee nor any city officer is in any way responsible for any negligence of mine. The finance committee had no means of ascertaining the amount of taxes collected by the treasurer from one month to another, neither was it in any way to gather the knowledge by an examination of each page in the stab books—a duty, I believe, which is never performed and expected of a finance committee. I make this statement to the council out of justice to the members of the finance committee, who are in no way responsible for any negligence or carelessness of which I, as clerk, am guilty. In regard to the collection of taxes, I would call the attention of those interested to sections seven (7) and nine (9) of chapter five (5) of the revised code. With regard to the indexing of records I would say that all of the records of the city have been fully indexed, with the exception of a few of the oldest ones, which, in my opinion, it would be useless to index. The finance committee, who are as fully as possible and systematically arranged as possible, with the room at my disposal, are endeavoring to complete the same. I would respectfully invite the committee to finance, or to make a committee of honorable body, to make a thorough investigation of the records and all matters pertaining thereto.

Respectfully submitted,  
JOHN H. TRENTMAN,  
City Clerk.

Referred to committees on finance and assessments and taxes.

The street commissioner reported an estimate for the grading of McCulloch street, as follows: For grading, \$1,665; for culvert, \$45. Received and filed.

The committee on ordinances reported two ordinances governing the erection of poles by the telephone companies of this city. The poles to be smooth and painted, to be twenty-six feet high from the ground surface and in no way to interfere with other private privileges. Ordinances passed to second reading and referred to a special committee consisting of Messrs. Hettler, Muhler and Wilkinson.

An ordinance to restrain dogs from running at large in the city excepting on conditions as provided for in the ordinance passed at the second reading, and was referred to the committee on rules and the city attorney.

## RESOLUTIONS.

As follows were adopted: For white-washing the south end of market house; that the gas committee note on the bills the hours that lamps were not lighted; that the tickets for the water works election be furnished by the city and distributed at the polls; that at said election the same inspectors who served at the spring election be appointed; that the marshal and city attorney investigate whether or not telegraph poles have been stolen from the city, and, if so, to replenish the same; that, in case water works be built, pipes be laid on West Main street, west of the river bridge; that the fire committee receive bids for \$2,000 feet of hose; that gas lights be erected at the corner of Johns street and Creighton avenue and at the corner of Johns and Grand streets; that property owners on Brackenridge street be notified to repair sidewalks; that the tax levy be as reported by the finance committee and committee on assessments and taxes.

The following resolutions were referred: That the street commissioner repair the crossing of Coombs and Wayne streets; that a sidewalk be built on the east side of Coombs street from Wayne street to the canal; that a culvert be put in on Elm street; that twenty gas globes be purchased; that Nicholson pavement on Harrison street from Main to Pearl be repaired; that White's second addition be excluded from the city limits and taken from the tax duplicate; that the alley between Wayne and Washington streets, running from Hanna to Monroes, be graded; that a lamp post be erected on the corner of Main and Mechanic streets; that the alley between Oak and Summit streets running from Division to Chute street be graded; that North Calhoun from Fourth to Fifth street be graded; that part of DeWald street be graded; that the west side of West street from Pritchard street to the Pittsburgh, Fort Wayne and Chicago Railroad be graded; that stretch traps be placed in sand pits on Wayne and Griffith streets.

Several sealed proposals were opened and referred.

Adjourned.

## MILLER'S MATRIMONIAL MISERY.

Interesting Case of Domestic Infelicity on Water Street.

Meddlesome Neighbors, A Jealous Husband and a Missing Wife.

The Contest for a Child---The Little One Gobbled at a Grocery.

Fred. Miller works at Yergens' factory on Water street and lives at No. 131 West Water street. He is the happy proprietor of a three year old child and a woman named Mrs. Gusty Miller has a half interest in the same. He was married four years ago last Monday, and four years from the date of his marriage his wife untied herself. Their married life has been generally pleasant, until some months ago, when differences arose, and was taken sick. It is said that some

## MALICIOUS MISCHIEF MAKING NEIGHBORS

created a feeling of distrust between the man and wife, which culminated last Monday, in Mrs. Miller betaking herself to parts unknown. Yesterday, Mr. Miller, hearing that she was stopping with a woman near the French Brewery went there to reclaim his wandering wife, but on arriving at the house was denied admission. He is still in search of his better half, but has thus far had no success in the search. This is one side of the story. A SEXUAL reporter, thinking that perhaps there might be another side to the same, started out on a tour of investigation this morning and called at the residence of Mr. Miller, No. 131 West Water street. Mr. Miller was not at home, but the reporter found a sister of Mrs. Miller and her aunt, an elderly lady who is suffering from a tumor on the breast. The sister stated to the reporter that this morning she took Mr. Miller's child, which had been left in her care by his mother, and placing it in a baby carriage, went to Mr. W. H. Miller's grocery store on Columbia street to do some trading. While in the store, George Miller, a brother of Fred. Miller's came in, and, seeing the child, he picked it up, saying, "Come, we'll go to papa," and

WALKED OFF WITH THE CHILD without saying a word further. The sister followed as quickly as she could understand what had been done, but could see nothing more of the man nor child. Mr. Miller left home this morning and threatened that unless he found his wife he would take the child and skip out, and it is believed that he has carried out his threat.

Mrs. Miller's aunt stated that Mr. Miller had been in the habit of drinking considerably but lately had not drunk so much as formerly, but that he had used his wife shamefully. She said she would not say all that had been done or said, but stated that he was very jealous and suspicious of his wife, who is only 19 years old, and that he had accused her of some very cruel things and had been in the habit of continually scolding and preaching to her until she did not know what to do, and it was owing to his harshness that she fell sick, during which time she was out of her mind very often. Last Monday he opened a tirade against her again, at the end of which Mrs. Miller told her aunt she could stand the abuse no longer, and she left saying she would return yesterday. She did not return, however, but sent a note saying that she would call for the child to-day. It is also stated that she did not stop at a house near the French Brewery last night but stayed at a hotel in the city. Mrs. Miller is represented as being a good woman and a faithful wife who did not deserve the treatment she received at the hands of her husband.

A Little Village Bickering Over the Matter.

The Lafayette Journal, of yesterday morning says:

The Courier, of last evening, had the Lafayette Agricultural Works sold; but the Purdue administrators have not heard of it yet. A bargain is practically closed, so far as they are concerned, with one party, as already mentioned in the Journal, but home parties, headed by R. M. McGrath, propose to "raise" his offer. Whether they will do so remains to be seen; but in any event a sale has not been closed and will not be, until the heirs are heard from.

To this the Courier of last evening replies:

The Courier knows whereof it affirms. The "heirs" fixed on a price for the agricultural works, and Kerr Murray, of Fort Wayne, agreed to accept at the price named, provided the sum of \$800, delinquent tax due the county, was remitted. Other parties (Robt. McGrath, J. L. Vancleave and John T. Mugg) stood ready to take the works at the price asked, and a well-known capitalist, it was understood, would back one or more of the parties with a 10 percent loan to make up his share of the purchase money. It was no disparagement to any of these gentlemen that our leading citizens determined that a little matter of \$800 should not stand in the way of securing such an accession to Lafayette as Mr. Murray, with his ample

capital and demonstrated capacity, represents. So the \$800 was made up in a few hours, and Mr. Murray notified to come on. Of course somebody will "kick." The Journal intimates as much. This is not surprising. There never was an enterprise inaugurated in the best interests of Lafayette that the inevitable somebody was not on hand to raise hell, so to speak, and make a stink. But we hope Mr. Murray will come on all the same. He stands at the head of his class in manufacturing in the Northwest. He has ample capital, and since he will not be lashed to the chariot wheels of interest in the start, we hazard nothing in predicting his complete success. As remarked yesterday he has thirty-six million dollars' worth of first-class machinery, which he will set up at once, and promises to have at least two hundred men on his pay roll within thirty days. He has that many employed now. It will be a proud day for Lafayette when his coming is positively assured. The Fort Wayne papers of to-day announce the fact, no doubt upon the authority of Mr. Murray himself. This gives Lafayette a new lease of life, and adds something tangible to the real value of every piece of property in the city.

## POLICE PICKUPS.

"Sweet Williams" in Full Blossom at Pratt's.

Hearings Before His Honor and Justice Ryan.

The attendance at the mayor's court this morning was meagre, only one unfortunate, named Jno. McClure, appearing before his honor. He was charged with raising a disturbance at Frank Casso's saloon. The racket grew out of a game of pool. McClure seeing that the game was going against him, began to steal the balls. The other players "kicked" and the affair broke up in a row. An affidavit was filed against McClure by Frank Casso and the frisky McClure was taxed \$3 and costs by his honor.

Justice Ryan also came in for his share of the police business as provided by the new law. Last evening Officer Myers arrested a young gentleman of about twenty summers parading the alley between Griffith and Elving streets. The y. g. had a hump on his back like Coles Dromedary which, on further investigation, proved to be a restaurant with stock in trade. Mr. Limp gave his name to the justice this morning, and stated that he was from Luzerne county, Pa., whither he was wending his weary footsteps, and, owing to the recent famine in China, he had supplied himself against any possible contingency on his journey thither. The justice meekly inquired whether a sojourn of about thirteen days over the Danube would not be about the thing.

"Yessir."

In the meantime, scenes of thrilling interest were being enacted at Pratt's justice mill. A blooming stand of "sweet Williams" were waiting their fragrance to the hungry crowd. It was a quartette of the varieties, John Williams, William Gibson, William Gant and William Clark. Their countenances did not betray any familiar features; they were strangers in a strange land. Wm. Gibson came from Painesville, Cleveland, Troy, Constantine or by any place else. He is a paper painter by trade, but has lately been engaged in painting his trunk with 4-cent whisky. He has a brother in Chicago whom he expects to see at once. Wm. Clark is a son of a man from Troy, N. Y. He gathers sheaves and does the fancy work for farmers, and takes his meals at the "Globe." He was waiting for a special freight to come along on which he would at once pull out for Chicago or St. Louis. He will not go now. And now comes Wm. Lamb. William has had a hard streak of luck. His shoes look bad, his wearing apparel looks bad, and if a fellow could look into his stomach it would look like a Chicago savings bank till. William had been taking in the eastern watering places until the financial part of his corporeity was a total wreck. William is also a painter. He will give lessons at Munson's gallery. John Williams is an aristocrat. He belongs to the Masonic fraternity (stone mason). John ain't particular about stone work, however. He can hold down the end of a tie near a railroad, or to any other legitimate business with equal facility. John had the misfortune to be robbed of \$4.00 at Roskohe, last Sunday, and to-day, another misfortune befell him. Justice Pratt, after calmly deliberating over the matter, remarked, "Gentlemen, it becomes my painful duty to solicit a subscription of about \$10 each to be applied to the relief of the unfortunate hungry stricken crowd of Ft. Wayne. Just draw your check, gentlemen, the court will pay the stamps." Colerick smiled a ghostly smile and silently stole away. The bank of England is bankrupt and Ft. Wayne feels the pangs of hunger no more.

## THE RAILROADS.

Excursion to Chicago to-morrow.

The Wabash pay car will be here to-morrow noon.

Forty-eight trains passed over the Wabash road yesterday.

Engines 201 and 64 will come out of the Wabash shop the fore part of next week.

All trains are running regularly on the Wabash. Freight continues heavy.

The pony engine left the Wabash shop yesterday. She goes to Toledo to do switching. She is a clipper.

It was the county assessor and not the auditor, as stated, who raised the assessment of the P. F. W. &amp; C. Ry.

Engine 177 of the Pittsburgh has

been sent to Portland on the Cincinnati & Richmond R. R. to haul gravel. Engine 137 will take its place on the East Local.

The railroad boys had a good time yesterday, after the rain.

A car load of California fruit passed through this city to-day on Pittsburgh No. 2 bound east.

Five coach loads of Niagara Falls excursionists came in over the Muncie last night and went east over the Wabash.

Three coach loads of excursionists from Danville passed through this morning over the Wabash bound for Put in Bay.

J. Tunigbrooks, special counsellor of the Pittsburgh, arrived to-day in a special car on No. 1. He will return east on No. 6 to-night.

James Boilan, who has the contract for making the new switching yard east of the city has arrived and will begin work immediately.

No clue can be obtained as to the identity of the villains who wrecked the Wabash freight train at Liberty last Thursday, though every effort possible is being made with that end in view.

Toledo Commercial: A freight train on the Wabash road backed down on another one last evening, between 5 and 6 o'clock, near the crossing of the Wabash and Lake Shore roads, on the middle grounds. The result was that two cars and the pony engine were badly used up, but none of the train men were injured.

Toledo Commercial: The grain movement on the Wabash is rapidly increasing in volume. The freight business generally is testing the full capacity of the road. Saturday six hundred cars were received and the same number were received Sunday. The demand for cars yesterday was fully equal to the supply. The Wabash has 3,000 box cars. The average time out of each car, counting the Kansas run, is five days. Five will go into 3,000 six hundred times. Consequently when six hundred cars of freight per day are received it is counted that the full capacity of the freight department is being tested.

## BREVITIES.

More rain.

Dan Campbell is going to the Hot Springs to recuperate.

Miss Libbie Deltell, of Lima, O., is visiting friends in the city.

An interesting can-can was performed at Rome City yesterday.

Work on Foster Bros. building is progressing as rapidly as possible.

Carrie Hayes died yesterday of cholera infantum, aged five months.

A. R. Walters, of the post-office, returned from California this afternoon.

Rev. Stubatzky, of Emanuel's church, returned to-day from Columbus.

The races announced for this afternoon were postponed on account of rain.

Miss Emma Crary, sister of Mrs. J. G. Bender, of this city, died at Goshen yesterday.

Mrs. O. T. Thomas is lying very dangerously ill. Her infant child died last night.

Toohey's band favored the residents of Gosportville with some choice selections last evening.

Judge Sinclair has been appointed receiver in the case of Chas. McCulloch vs. Heller & Dague.

Henry Stapleford will try his luck. He begins housekeeping to-day at No. 99 East Washington street.

Messrs. Vogel and Kane and their families left last evening for Mackinaw, via Toledo and the lakes.

Broadway will soon have a new book and news depot, in Nestel's frame building, to be occupied by an eastern firm.

The frame building No. 225 Calhoun street is to be moved further back and a brick addition is to be built.

George E. Graham smiles, and it is the smile which would melt the heart of an old clothes man. All on account of a big boy.

The Nestel case has no reference to D. Nestel and family in the west end, as this family lives on Lewis and Madison street.

There is a famine in the local fruit supply, caused by the quarantine regulations at Cincinnati against the reception of southern fruit.

At 3 o'clock yesterday afternoon, Martin Rhinehart, aged twelve, fell from an apple tree at his home on Pontiac street and was badly injured.

Messrs. Cunningham & Co. have contracts for investigating the tax returns of Hamilton, Lucas and Butler counties, O. Mr. Cunningham is at present engaged at Toledo.

The Lafayette Journal is all torn up because a man is going to walk 500 miles in 500 hours at that place. Now a little thing that wouldn't be noticed here will break up a small town.

Hank Brown stole a horse and buggy Saturday night, was arrested by Sheriff Munson Sunday, and was to-day sentenced to three years in the penitentiary. Quick work. This will be Brown's third term in the penitentiary.

Imagination works wonders. Conover, yesterday, was offered a drink out of a two quart bottle. He said it was good, and came again. In less than two hours he was all seas over. It was water, but not being accustomed to it, and thinking it was a new importation, the effect was the same.

On the night of July 15th the shoe store of E. Zimmerman, one door north of Breen's store, was burglarized and a watch and some clothing taken from a valise; also \$75 worth of boots and shoes. Zimmerman has filed an affidavit charging Henry Leininger with the offense. Sheriff Munson this morning arrested Leininger and his examination will take place before Esq. Ryan this afternoon.

The attention of police is called to a number of young fellows, who make it their duty to cut and deface buildings, fences, trees, &c. A few days ago, they defaced the tuckpointed wall of D. Nestel's building on Jefferson and Broadway. A number of the boys and young men are known, and if they continue their work of defacing, they may some early day be summoned to appear before a squire. Boys and young men take warning.

There seems to be a misunderstanding prevailing in the minds of some people to the effect that the water works trustees will have exclusive and sole control of the management and building of the works. This is a mistake and it should be distinctly understood that the city council, men composed of representatives of every ward in the city, will have the directing power of all expenditures, etc., and that the trustees will act only in conjunction with the council in all supervision of the construction of the same.

## MILLER'S MATRIMONIAL MISERY.

Interesting Case of Domestic Infelicity on Water Street.

Meddlesome Neighbors, A Jealous Husband and a Missing Wife.

The Contest for a Child—The Little One Gobbled at a Grocery.

Fred. Miller works at Yergens' factory on Water street and lives at No. 131 West Water street. He is the happy proprietor of a three year old child and a woman named Mrs. Gusti Miller has a half interest in the same. He was married four years ago last Monday, and four years from the date of his marriage his wife untied herself. Their married life has been generally pleasant, until some months ago, when differences arose, and Mrs. Miller was very much worried, and was taken sick. It is said that some

MALICIOUS MISCHIEF MAKING NEIGHBORS created a feeling of distrust between the man and wife, which culminated last Monday, in Mrs. Miller betaking herself to parts unknown. Yesterday, Mr. Miller, hearing that she was stopping with a woman near the French Brewery went there to reclaim his wandering wife, but on arriving at the house was denied admission. He is still in search of his better half, but has thus far had no success in the search. This is one side of the story. A SEN- NED reporter, thinking that perhaps there might be another side to the same, started out on a tour of investigation this morning and called at the residence of Mr. Miller, No. 131 West Water street. Mr. Miller was not at home, but the reporter found a sister of Mrs. Miller and her aunt, an elderly lady who is suffering from a tumor on the breast. The sister stated to the reporter that this morning she took Mr. Miller's child, which had been left in her care by its mother, and placing it in a baby carriage, went to Mr. W. H. Miller's grocery store on Columbia street to do some trading. While in the store, George Miller, a brother of Fred. Miller's came in, and, seeing the child, he picked it up, saying, "Come, we'll go to papa," and

WALKED OFF WITH THE CHILD without saying a word further. The sister followed as quickly as she could understand what had been done, but could see nothing more of the man nor child. Mr. Miller left home this morning and threatened that unless he found his wife he would take the child and skip out, and it is believed that he has carried out his threat. Mrs. Miller's aunt stated that Mr. Miller had been in the habit of drinking considerably but latterly had not drunk so much as formerly, but that he had used his wife shamefully. She said she would not say all that had been done or said, but stated he was very jealous and suspicious of his wife, who is only 19 years old, and that he had accused her of some very cruel things and had been in the habit of continually scolding and preaching to her until she did not know what to do, and it was owing to his harshness that she fell sick, during which time she was out of her mind very often. Last Monday he opened a trade against her again, a brother of which Mrs. Miller told her aunt she COULD STAND THE ABUSE NO LONGER, and she left saying she would return yesterday. She did not return, however, but sent a note saying that she would call for the child to-day. It is also stated that she did not stop at a house near the French Brewery last night but stayed at a hotel in the city. Mrs. Miller is represented as being a good woman and a faithful wife who did not deserve the treatment she received at the hands of her husband.

The above is the statement of the case as made to the reporter, and indicates a sad state of affairs in the Miller family. Further developments will be made soon, a statement of which will be given in due time.

## KERR MURRAY.

A Hitch in the Negotiations at Lafayette.

A Little Village Bickering Over the Matter.

The Lafayette Journal, of yesterday morning says: The Courier, of last evening, had the Lafayette Agricultural Works sold; but the Purdue administrators have not heard of it yet. A bargain is practically closed, so far as they are concerned, with one party, as already mentioned in the Journal, but home parties, headed by R. M. McGrath, propose to "raise" his offer. This gives Lafayette a new lease of life, and adds something tangible to the real value of every piece of property in the city.

No clue can be obtained as to the identity of the villains who wrecked the Wabash freight train at Liberty last Thursday, though every effort possible is being made with that end in view.

Toledo Commercial: A freight train on the Wabash road backed down on another one last evening, between 5 and 6 o'clock, near the crossing of the Wabash and Lake Shore roads, on the middle grounds. The result was that two cars and the pony engine were badly used up, but none of the train men were injured.

Toledo Commercial: The grain movement on the Wabash is rapidly increasing in volume. The freight business generally is testing the full capacity of the road. Saturday six hundred cars were received and the same number were received Sunday. The demand for cars yesterday was fully equal to the supply. The Wabash has 3,000 box cars. The average time out of each car, counting the Kansas run, is five days. Five will go into 3,000 six hundred times. Consequently when six hundred cars of freight per day are received it is counted that the full capacity of the freight department is being tested.

Boys and young men take warning.

There seems to be a misunderstanding prevailing in the minds of some people to the effect that the water works trustees will have exclusive and sole control of the management and building of the works. This is a mistake and it should be distinctly understood that the city council, men composed of representatives of every ward in the city, will have the directing power of all expenditures, etc., and that the trustees will act only in conjunction with the council in all supervision of the construction of the same.

## DON'T YOU? NEVER. NEVER? NO, NOTEVEN HARDLY EVER.

Nearly four months since we advertised a reward of one hundred dollars, to be given to any person who could purchase any article at our establishment at a lower price than that marked in plain figures upon the goods. No person has yet carried off the prize, and they will not; because every article, before being placed on sale, is marked at the lowest possible cent at which even we, with our slight expenses and immense trade can afford to sell it, and then 'though the heavens fall the price is never deviated from. We find this system immensely popular with people who want a thoroughly reliable place to trade; who desire to get goods as low as they can be afforded and yet will not engage in an undignified course of higgling and haggling, such as one has to go through in order to buy goods at decently low rates in stores which have half a dozen prices. One effort is to make our store the most reliable, the cheapest, and the pleasantest place to buy.
